Re: Hoboken Crossing Guards

I would like to take this opportunity to request that a pay increase be included in the SFY 2002 Municipal Budget for Crossing Guards salaries.

Everyday, we enjoy the benefits of their dedication, loyalty and service to our community; most importantly for the safety of our children. I've witness their kind consideration in dealing with the public, many times well above their job description. Our Crossing Guards deserve a pay raise; it has been a long time coming.

I thank you for your time and efforts regarding this matter.
