Re: Severance Package to Laurie Cotter

Dear Ms Suarez;

It is my understanding that the prior Business Administrator is receiving a (3) month severance package from the City of Hoboken.

If this is true, I would like to know the dollar amount received, and where it is being charged. Also if there are any laws (State Statute) that require such a severance package could you please forward me copies?

Thank you in advance for your prompt attention in this matter.

Very truly yours;

Theresa Castellano
