Theresa Castellano
Hoboken City Council
City of Hoboken
Hoboken, New Jersey 07030

Honorable Councilwoman Castallano:

We wanted to begin the New Year with an expression of thanks for all the wonderful programs you provided to the families of Hoboken during the previous year. Including, but surely not limited to: Art in the Park, The Americana Family Jamboree, Concerts in the Park, Movies Under the Stars, Father's Day Children's Festival, Fall Harvest Festival and the 150th Anniversary Mural Project.

It is events such as these that affirm Hoboken's growing reputation as a "Family Friendly" place to live. On behalf of HFA's 400+ member families we want to say thanks!

We are aware that the City Budget is currently being drafted and of course some decisions are harder than others when deciding which programs to maintain. We just wanted to offer our support for Geri Fallo and the Division of Cultural Affairs in the hope that these wonderful programs and activities can remain a vibrant part of the Hoboken Community.

Thank you for your consideration.

Yours truly,

Board of Directors
