RE: Police Kiosk at Pier A Park

Dear Chief LaBruno:

I have received several calls regarding the Police Kiosk at Pier A Park.

Our residents are requesting that the Kiosk be opened, with a Police Officer, especially on the weekends when the park is crowded and in full use.

I realize how valuable even one Police Officer is out in the street. Given the number of people using the park, having a Police Officer in the area would be extremely comforting for our residents.

If you have any suggestions for that area please feel free to contact me at anytime.

I would like to take this opportunity to thank you for your time and efforts regarding this matter.

Very truly yours;

Theresa Castellano
1st Ward Councilwoman
