Re: Quality of Life

The Quality of Life Committee makes the following recommendations:

- 1- Reinstate the practice of Community Service.
- 2- Publish the names and address of offenders in their hometown newspaper.
- 3- D.W.I. set-up on weekends, at both ends of the city.
- 4- Anti Noise Campaign – alert police officers to ticket motorcycle riders who have illegal tailpipes or are without mufflers, as to create a public nuisance.
