Dear Editor:

I am writing to your paper out of frustration with the Roberts' Administration. I as well as the residents I speak to have many, many issues. But the most recent events are the main topic of this letter.

Mayor Roberts appointed himself Public Safety Director. He thinks he can do the job. You won't hear this from Mayor Roberts, aka Public Safety Director that our residents, storeowners, and even a Catholic Priest have been attacked at gunpoint, in daylight. You won't hear from Mayor Roberts, aka Public Safety Director about the shootings, stabbing, gang violence and even murders.

However, you will hear from Mayor Roberts about cruise ships, trolleys, mounted police, elite schools and what a great job he thinks he is doing. He paints a pretty picture of himself.

Meanwhile, our streets are filthy, dog poop is everywhere, fliers tacked all over town, crime and our taxes have gone UP – UP – UP!

Where is Mayor Roberts? "NO WHERE" literally.

I believe the phrase is – Scooby Doo – Where are you?
Car 54 – Where are you?
MAYOR ANTHONY RUSSO – Where are you? We need
your leadership desperately.

Sincerely
